Q1 Please Fill Out the Following Information to Ensure Your Responses are Connected to You!

Full Name	John Hirsch
Municipality in which I am seeking election	Prince Edward County
Ward (If applicable)	South Marysburgh
Email Address	jg.hirsch@xplornet.com
Phone Number	613-846-0046

Q2 Should Arts and Culture be a funding priority for municipal government? **Yes**

Q3 Would you prioritize municipal investment in Arts and Culture as an ECONOMIC driver? **Yes**

Q4 Do you believe that Arts and Culture provide a HEALTH AND QUALITY OF LIFE benefit to the residents of your municipality? **Yes**

Q5 Do you strongly commit to advocate for increased municipal investment in the Arts and Culture? **Unsure**

Q6 How would you rate your position on Municipal Arts and Culture Investment **63**

Q7 Is there anything you would like to let voters know about your commitment to municipal Arts and Culture investment?

It is important for the County to keep up its involvement with the Arts as an economic driver and not just rely on winery/brewery tourism for growth.

Q7 Is there anything you would like to let voters know about your commitment to municipal Arts and Culture investment?

As well as being an important economic driver, I believe that Arts and Culture are a reflection of the community. Those folks with an interest in the arts are more likely to volunteer, and that it's a reflection of being a civic and socially minded citizen. By participating in culture and being exposed to different forms of art, citizens broaden the ways in which they can express themselves. It frees and opens up ones way of thinking even if they're not actively creating art, their ability to convey information and communicate with others is enriched. As a Community Theatre Actor and Director I'm very aware of how Arts and Culture reduces stress levels.

Q6 How would you rate your position on Municipal Arts and Culture Investment **100**

Q7 Is there anything you would like to let voters know about your commitment to municipal Arts and Culture investment?

I am proud Of the support I've been able to offer arts programs in my municipality. I believe Tweed and area has benefited greatly from arts events and programs and I would like to see these programs continue to grow and evolve. If elected I would advocate for volunteer led Festivals and events of all kinds, including art based events, to receive more support for promotion and marketing. I've talked about this in my platform. I believe volunteer led events should receive, at the very least, the same degree of support Municipality led events receive. I believe that arts programs have the potential to encourage community involvement, which is wonderful for our citizens and our communities. I understand that some people are concerned with lack of funding for essential services, and they may argue that supporting the arts is a need not a want. I believe in being fiscally responsible, but I have studied the local budget and I feel strongly that we have they means to support arts programs in our Economic and Community development budget. If anyone has questions or suggestions on how our local council could do a better job of supporting arts programs, Please feel free to contact me. Thank you for your interest in my platform.

Q7 Is there anything you would like to let voters know about your commitment to municipal Arts and Culture investment?

I fully support the arts. I have a copy of a report on the arts that a friend of mine did for the Ontario Government over 30 years ago. It's interesting to see how some of the recommendations were adapted. I have a good understanding of the arts from my involvement with movie theaters for over 35 years. My brother and I ran a movie theater, the Ritz, in 1983, where we gave local talent a 5 minute showcase before every movie. The audiences loved the pre show entertainment. As a result we started a weekly show, "Live at the Ritz". Some of the entertainers on our stage went on to very successful careers. A comedy troupe, recruited a member from another comedy troupe in one of our shows, to complete their troupe which became Kids in the Hall. We had a funky piano player that went on to play keyboards for Blue Rodeo. We had the magic of Penn and Teller on our stage for 2 shows well before they became international stars with a Vegas show and a British television show. My family owned and operated the Bloor Cinema in Toronto. We were classified as an institution in Toronto, along side the museum's and the Art Gallery of Ontario because of our commitment to the arts. We published a monthly program of movies. Our program also included many film festivals, concerts and cultural events that we hosted. We had several offers from developers to buy our building for redevelopment but refused since we wanted the building to be used for the arts. We received an offer from Hot Doc's, North America's biggest documentary film festival. My brother and I decided it was not time to sell out at the time but it was such a perfect way to ensure the building would continue as a cultural venue that we decided, with confidence, that we were placing our "baby" in good hands. My brother and I have always had a passion for the arts.

Q6 How would you rate your position on Municipal Arts and Culture Investment **100**

Q7 Is there anything you would like to let voters know about your commitment to municipal Arts and Culture investment?

I tried to get an international film festival established for Quinte West in 2017 to celebrate the 100th year anniversary of the founding of film industry in Trenton along with celebrating Canada's 150 birthday and how film has played an integral part in our culture. I pitched the founders of TIFF and had them in our council chambers explaining how my idea was sound and that the resources of TIFF would be available along with access to submitting requests for funding with TIFF. Our short sighted council voted the proposal down and instead support small productions. My proposal was to include local flavour with TIFF but fell on deaf ears. I recently been a guest of TIFF and attended the opening night meeting with various board of directors who all shook their heads in disbelief at the opportunity we presented. If I become Mayor I will pursue it again

Q6 How would you rate your position on Municipal Arts and Culture Investment **73**

Q7 Is there anything you would like to let voters know about your commitment to municipal Arts and Culture investment?

Quinte West has continued to invest in Culture and it is a growing economic and social driver. Culture is so broad with the many categories of arts, music, heritage, festivals, agriculture, history and so much more. It is an exciting time to further move forward municipal investment in culture going forward as it has become more recognized in the community as an asset and important part of our quality of life.

Q6 How would you rate your position on Municipal Arts and Culture Investment **70**

Q7 Is there anything you would like to let voters know about your commitment to municipal Arts and Culture investment?

While I have answered yes to all the above questions, it is important to stress that at this unique, challenging time in Prince Edward County, there are pressing socioeconomic concerns that are on the front burner.

However, I am a strong believer and supporter of the arts. Arts and culture provide a place for diverse and dynamic minds to meet, connect, share and thrive. They play a particularly key role in youth engagement in the community, something that we need a great deal more of.

People are attracted to destinations that emphasize the importance of the arts. Things like the Studio Tour, the Regent Theatre, these things bring people and money to our area. Absolutely more can be done to ensure that we capitalize on the booming arts scene in Prince Edward County, in terms of it being an important overall economic driver.

Q7 Is there anything you would like to let voters know about your commitment to municipal Arts and Culture investment?

I have been an advocate of funding for Arts, Culture and Heritage development this past term. I have demonstrated this support as Chair of the City of Belleville Grant Committee as well as Chair of the Belleville Community Arts & Culture Fund.

I will support additional resources being invested in this area as well as amendments to the Official Plan to include a focus on this area for the future development of Belleville. It is a way to increase the quality of life for current residents, attract more artists/entrepreneurs to our community and provides many economic benefits and advantages.

Q7 Is there anything you would like to let voters know about your commitment to municipal Arts and Culture investment?

Arts and culture organizations, studios and practitioners, as well as being a source of employment and self-employment in this region, also provide enhancements of the County's attraction as tourist destination. Arts and Culture doesn't just make our region more attractive to tourists though. It makes it more livable for all of us at all ages. Today, while canvassing, I spoke to one senior who was going to Aida at the regent, a family with small children planning on going to Small Pond Arts and I heard a review from an individual of a Comedy show in town. That's just one morning.

If we look at the broader picture of Arts in Canada, we see a major industry that is a national employer grossly undervalued for its contribution to Canada's economy. I suspect that's true regionally as well. This economic contribution is solid but the cultural capital contribution to our well-being is priceless.

Q7 Is there anything you would like to let voters know about your commitment to municipal Arts and Culture investment?

I am and will continue to be an ardent supporter of the arts in Prince Edward County.

I have been directly involved in the restoration and rejuvenation of The Regent Theatre as a board member with a number of responsibilities culminating with 1 year as Vice President and 1 1/2 years as President of the foundation. (1997 - 2001)

I am well aware of the economic and social benefits having a viable professional theatre can have on our community and the surrounding areas.

I will always champion the performing arts. I also recognize the importance and value all the various forms of arts and culture in our community and will continue to support A&C however I can as an elected official.

Q6 How would you rate your position on Municipal Arts and Culture Investment **63**

Q7 Is there anything you would like to let voters know about your commitment to municipal Arts and Culture investment?

As a provider of Music events within my community and local areas I believe that the voters know that I would like to see Money spent on the arts but I also see the greater need is for the infrastructure to help with providing areas to stay for the guests to such events. Until we have the infrastructure in place we can not expand our accommodations and there fore the money that we are trying to bring into the community for a arts event for multiple days is lost to the cities that are closest to us. If an event Is for a day trip then you are looking at the guests just spending a day and that is not a lot of money that is spent in the area when compared to a multi day event. Therefore there would have to be a lot of events to produce the same economic boost to the local economy. That being said I think there is lots that can happen in the town of Tweed that could boost the economy through the arts by utilizing the history and significance of our area. We have some very unique history stories that could easily become a day trip adventure for guests to the area. Dynamite Days exploring the history of the dynamite factory the was just outside of Tweed.

Q7 Is there anything you would like to let voters know about your commitment to municipal Arts and Culture investment?

Arts and Culture are pivotal to the success of our community and a thriving arts and culture community is the crowning achievement of a successful community. Furthermore, my campaign is focused on innovate Belleville and entrepreneurship and the creative economy featuring creative arts and culture entrepreneurs should be a priority for economic development diversification and a key driver for our Belleville and Bay of Quinte economy.

Q6 How would you rate your position on Municipal Arts and Culture Investment **80**

Q7 Is there anything you would like to let voters know about your commitment to municipal Arts and Culture investment?

I subscribe to Arts and Culture as part of a “prescription for health in addition to a healthy diet, physical activity, proper health care and good sleeping habits” and it must be supported at the municipal level.

One glaring opportunity is the \$20 million renovated CAA (formerly Yardmen) facility that sits empty for over 300 days a year. We should be promoting musics concerts, theatre productions like Cirque du Soleil, art exhibits, agricultural exhibits and other attractions to promote arts and culture for our entire region, Hastings and Prince Edward County.

We can and should do more to leverage our resources.

Q7 Is there anything you would like to let voters know about your commitment to municipal Arts and Culture investment?

I am committed to investment in municipal arts and culture.

The County is facing significant revenue shortfall. Council must give very careful consideration to budget priorities and determine the prudent allocation of limited County revenue to those priorities. It is essential that council take advantage of building stronger and more collaborative working relationships with community partners who are involved with municipal arts and culture investment.

Q7 Is there anything you would like to let voters know about your commitment to municipal Arts and Culture investment?

We need to make this a higher priority and while we do have many competing interests we can accomplish a great deal with a moderate increase/investment in this area. More importantly, we have to make this part of our shared and collective consciousness when it comes to promoting the city. We need to take more pride in what we already have and support it better when we brand ourselves and sell ourselves to businesses, families and individuals.

Q6 How would you rate your position on Municipal Arts and Culture Investment **99**

Q7 Is there anything you would like to let voters know about your commitment to municipal Arts and Culture investment?

Yes - I have worked on Granville Island in Vancouver and Harbourfront Centre in Toronto. Both locations attract millions of people and millions of dollars every year. The three key elements to this success are Arts, residential and commercial. With Belleville focusing on waterfront development, I am pushing for arts to be included. Right now the draft plan states that it will be a place for people to live, work and play. My goal is to tweak that to be live, work and experience. I also support the initiative to have artists working in studios in the downtown core to increase traffic and generate revenues to businesses that have struggled through the infrastructure construction. Ditto for increasing the Belleville Community Art and Culture Fund to include funds for operations as well as projects. This provides funding to artists and helps organizations to keep their doors open. However there are no funds designated for marketing and promotion. The City needs to promote its cultural assets. I will be pushing for taking our arts, culture and heritage events and attractions and moving them into the City's communication strategy along with tourism, natural resources and sports. Arts, Culture and Heritage in our community play a significant role in defining our unique identity as a place to live, work and experience and I will be pushing for funding support and promotion to be included in the City's Strategic Economic Plan.

Q6 How would you rate your position on Municipal Arts and Culture Investment **100**

Q7 Is there anything you would like to let voters know about your commitment to municipal Arts and Culture investment?

Arts and culture are the fabric of which our defining mosaic, our cultural narrative is woven. Arts and culture define who we are as a City. I am likely the only candidate on the ballot who is an artist by trade. Arts and culture are important in my life as when it was my livelihood. That dedication and love does carry over into my politics.

Arts and culture are crucial to our success as a society and to our health and happiness as individuals. Arts and culture are never expendable.

As a young fellow I acted in plays in Vancouver where my family lived for a few years (I was the definitive Charlie Bucket in The Chocolate Factory). I was with YPT when I moved to Toronto in my teens. I spent a couple of decades as a professional singer/songwriter and side musician. I began as a street busker and worked my way to a wonderful career and lifestyle. I remain very close to many artists and art supporters of all art and culture genres. My late paternal Grandmother was a Shakespearean actress at Stafford and when I was a kid she was on a TV show called Rainbow Country as well as directing plays in our hometown of Sudbury (big plaque in her honour in the 'new' Theatre Centre). I've promoted artists and cultural events at every opportunity and I always will. Unreserved support for arts and culture is both a personal tenet and a political imperative to me.

Everybody has ideas. As Councillor I recognize that Belleville will be best served by my working with local Arts Councils towards realizing their initiatives. Still, I have ideas too. Here are some of them:

I have some big ideas like Belleville hosting a globally esteemed event like TIFF. We'd be perfect for a summer film festival. We border a proud Mohawk Nation. We must engage in promoting local Indigenous art and heritage along with that of the Loyalists, our railway legacy and the agrarian culture that shaped our economy and our character.

I'll push for a poetry slam event in Belleville along the lines of Buskerfest. I think both would be terrific events for the City to support on an annual basis. I will propose to Council a Motion to create designated spaces for consignment art installations. Wouldn't it be wonderful to feature local art on the walls and in the corridors of city buildings? Wouldn't it be even more so if art patrons could purchase some of the works they admire? Larger works, sculptures and performance pieces would invigorate many public outdoor spaces. We don't utilize Zwicks or Meyer's Pier to nearly the best outcomes for residents, visitors or local talent. Installations and events (concerts, outdoor theatre, local artisan festivals and such) should be encouraged, inspired and supported by City Hall. I'd love to see a floating installation on the Moira. People would come to the downtown core to take a gander at something spectacular and unique. The experience would be enhanced if visitors could enjoy local performance art and artisan displays while admiring a downtown Belleville water feature. The possibilities should only be limited by artists' imaginations, not apathy at City Hall.

I favour supporting permanent installations and annual events that grow over time over costly and risky one-off events. I also prefer investing in venues and events over directly funding artists individually but there are many exceptions that I would never oppose (like paying local theatre troupes to perform at events) and I am entirely flexible on both counts. Our home is a proud Porchfest venue. This past Porchfest was the Rotary Club's 10th and our 3rd (we moved to Belleville in 2015). I will always aggressively support events like Porchfest.

I believe that every initiative should be tested through objective diligence regarding the value of the proposal and the efficiency of the plan. That applies to all initiatives or proposals, not just arts and culture. When I challenge a proposal it is strictly in hopes of making it stronger so that its success will inspire further and future investment. When I know a plan is a good one I commit my full efforts to ensuring its utmost success.

In summary: You can count on my unreserved support for arts and culture initiatives that make sense and I am aware that there is no shortage of great ideas that deserve to be studied, planned and implemented with expedience and enthusiasm. All that's missing is the political will and the commitment to see proposals through to their enduring success. Advocates of arts and culture, patrons of arts and culture and artists will find me an unrelenting ally when it really counts, as an elected Belleville City Councillor.

Q2 Should Arts and Culture be a funding priority for municipal government? **Yes**

Q3 Would you prioritize municipal investment in Arts and Culture as an ECONOMIC driver? **Yes**

Q4 Do you believe that Arts and Culture provide a HEALTH AND QUALITY OF LIFE benefit to the residents of your municipality? **Yes**

Q5 Do you strongly commit to advocate for increased municipal investment in the Arts and Culture? **Yes**

Q6 How would you rate your position on Municipal Arts and Culture Investment **89**

Q7 Is there anything you would like to let voters know about your commitment to municipal Arts and Culture investment?

I do sit on the board of directors for the Quinte Arts Council as secretary. I am a firm believer that arts and culture go hand-in-hand with tourism. If we invest in arts and culture it would draw more people into the local area creating more jobs and activities for our residents and tourists to partaken .

Q2 Should Arts and Culture be a funding priority for municipal government? **Yes**

Q3 Would you prioritize municipal investment in Arts and Culture as an ECONOMIC driver? **Yes**

Q4 Do you believe that Arts and Culture provide a HEALTH AND QUALITY OF LIFE benefit to the residents of your municipality? **Yes**

Q5 Do you strongly commit to advocate for increased municipal investment in the Arts and Culture? **Unsure**

Q6 How would you rate your position on Municipal Arts and Culture Investment **65**

Q7 Is there anything you would like to let voters know about your commitment to municipal Arts and Culture investment?

Arts and Culture is very important to bring a sense of community to our municipality. Arts and Culture is also very important for our youth to build life skills, to promote creative thinking, and to give them a sense of purpose. I believe it is very important for our municipality to financially assist with the growth of these activities in order to build a sustainable community, where people want to live and raise a family.

Q7 Is there anything you would like to let voters know about your commitment to municipal Arts and Culture investment?

Our investment in Arts and Culture is one significant way that our municipality can become a healthier and more human place for all of us. This is even more important than simple economic opportunities which would also develop due to improved arts and culture in our community.

Q6 How would you rate your position on Municipal Arts and Culture Investment **97**

Q7 Is there anything you would like to let voters know about your commitment to municipal Arts and Culture investment?

My opinion, more has been done to support Arts and Culture in the last 4 years by this council than any other. \$25000 to support local film festival.

In partnership with the City of Belleville and Hastings Cty, a cultural plan for the Region is being implemented. The recent Cultural summit is an example.

Worked with and continue to work with the Trent Port Historical Society on a sustainable business plan for the Trenton Town Hall 1861. Developing the building into an Arte and Cultural Hub is being investigated. \$350000 has been set aside for this project. \$16500 for the Concert in the Parks.

Operationally this Council merged Economic Dev, Culture and Tourism into one working unit. The rational for this move is the recognition of tourism and culture as an Economic Dev stimulant. This I think points out the commitment by this Council to the Arts and Culture.

The nest four years, the plan is to finalize the the business plan for The Old Town Hall and to work towards the implementation of the recommendations in the Cultural Plan.

We have also made many upgrades to our facilities which will enhance the Arts and Cultural programs we support.

Just a few of my thoughts supporting Council initiatives. We will continue this great work. Supporting the Local Artists. And we do have many.

Q7 Is there anything you would like to let voters know about your commitment to municipal Arts and Culture investment?

As I have not seen the budget for my city's investment in and support of municipal Arts and Culture, it would be foolish of me to pass judgements on what I do not have facts on.

I am a co-author of 2 books of short shorties and have 3 movies to my credit based on our writings and 10 weeks in my life.

For most of my adult life I have had and continue to have an extended family of friends who are artists, musicians and painters.
